

## About the Institute

National Institute of Technical Teachers Training and Research, Chandigarh, an ISO 9001-2008 certified institute, is one of the four national institutes established by the Government of India in 1967 for the growth and development of technical education in the country. It is now reckoned as a resource institute for the technical education system providing services to its clientele covering faculty/staff of technical institutions, officials of directorates/boards of technical education, central and state govt. departments, industry, students from technical institutes and trainees from overseas. The institute undertakes the following spectrum of activities: Education and Training Programmes, Curriculum Development, Instructional Material Development, Research and Development, Extension Services, Consultancy in Technical Education and Technology areas. The institute offers ME Programmes affiliated to Panjab University, Chandigarh in five disciplines. Three ME Programmes, viz., ME in Computer Science & Engineering, ME in Electrical Engineering and ME in Electronics & Communication Engineering are accredited by National Board of Accreditation (NBA), New Delhi. The institute has been recognized as a 'Research Centre' by Panjab University, Chandigarh (in 2006) as well as by PTU, Jalandhar/Kapurthala, Punjab (in 2005) for pursuing research work leading to the degree of Ph.D.

## About the Faculty Development Programme

Graphic design is the process of visual communication and problem-solving through the use of typography, photography, and illustration. This course is designed by keeping in mind the needs of the people having creating aptitude and are eager to learn how to design graphics for print and non-print modes especially focusing on graphics for web designing. By seeing the increasing demand of graphics designing for industrial needs and impactful MOOCS designing in academics the contents are planned accordingly.

## About the Department

Department of Computer Science and Engineering since its establishment in 1982, progressed steadfastly to its present status of being reckoned as a leader in Computer Science and Engineering education. The department is currently having seven Computer Laboratories. All laboratories are equipped with high end computers. Besides this the department is equipped with high end servers and related networking equipment to provide the internet connectivity in the whole campus. The department also maintains the wired and wireless connectivity in the Institute premises for smooth internet connectivity.

## A Five Days AICTE-ATAL ACADEMY Online Faculty Development Program

on

## GRAPHIC DESIGN

from 07-11 Dec, 2020

Organized By

Department of Computer Science and Engineering  
National Institute of Technical Teachers  
Training and Research (NITTTR)  
Sector-26, Chandigarh-160019

## Program Schedule

- ❖ Introduction to Graphics Designing and its applications
- ❖ Adobe Photoshop for Raster Graphics Designing
- ❖ Layers and Masking Concept and Hands\_on Session
- ❖ Adobe Photoshop for Selection, Image Composition and Hands\_on Session
- ❖ Filters, Image Enhancement and Hands\_on Session
