

Objectives and Course Content of Short Term Courses

Operational Plan No.	ICT-46
Name of the Course	Wireless Propagation
Objectives of Course	The objective of this course is to train and upgrade the knowledge of faculty in the area of Wireless Propagation. Wireless Propagation concept is related to transmission in indoor and outdoor environment. Theoretical and Practical aspects of propagation will be discussed.
Course Content	Multipath Channel Concepts, Multipath Channel characterization, Channel Models, <i>System-Specific Propagation Channels- Indoor, Outdoor, indoor to Outdoor channels, MIMO Channels, Research Areas in wireless propagations.</i>
Name of Course Coordinator with E-mail ID & Contact Number	Er. Garima Saini garima@nitttrchd.ac.in 0172-2759665
